IN RE: FIBERCOMM, L.C.	DOCKET NOS. TCU-97-16 TF-04-544
-------------------------------	------------------------------------

**ORDER APPROVING AMENDMENT TO CERTIFICATE,
CONCURRENCE IN MAPS, AND APPROVING TARIFF**

(Issued February 1, 2005)

On December 30, 2004, FiberComm, L.C. (FiberComm), filed with the Utilities Board (Board) a request to amend its certificate of public convenience and necessity to allow it to provide competitive local exchange service in the Sergeant Bluff, Salix, and Sloan, Iowa, exchanges. FiberComm proposes to provide service in these exchanges by building its own facilities. FiberComm states that it will not require unbundled network elements or other services from the incumbent local exchange carrier to provide service in these exchanges. FiberComm also states that it will adopt the exchange boundary maps currently on file with the Board for each of the three listed exchanges. In addition, FiberComm has provided a statement indicating that it intends to participate in number pooling and will obtain numbering resources via donated 1,000 blocks rather than through the assignment of a new block of 10,000 numbers (often referred to as an NXX).

Also on December 30, 2004, FiberComm filed revised tariff pages to include the Sergeant Bluff, Salix, and Sloan exchanges. The filing has been identified as TF-04-544.

The Board will approve FiberComm's proposed tariff revision and amend its certificate to include the Sergeant Bluff, Salix, and Sloan exchanges. The Board is issuing an amended certificate reflecting the expanded service territory concurrent with this order.

IT IS THEREFORE ORDERED:

1. The request of FiberComm, L.C., to amend its certificate of public convenience and necessity to reflect the addition of the Sergeant Bluff, Salix, and Sloan, Iowa, exchanges is approved.
2. An amendment to Certificate No. 0188 is being issued concurrently with this order. Under the amended certificate, FiberComm, L.C., will be allowed to provide service in the exchanges as shown by its tariffs as currently and subsequently approved.
3. The concurrence by FiberComm, L.C., in the maps and boundaries of the incumbent local exchange carrier in the Sergeant Bluff, Salix, and Sloan, Iowa, exchanges is approved.

4. The proposed tariff revision, identified as TF-04-544, filed by
FiberComm, L.C., on December 30, 2004, is approved.
